Transferable

Skills

- HTML, CSS, and JavaScript
- UI design in Figma and Canva
- Kotlin, XML, Android Studio
- Backend: payment, login, accounts
- Cyber security, MSc in progress

Education

MSc (Hons) Cyber Security — In progress

Bath Spa University, RAK Campus

- One-year course at the same campus as the degree. Underway now, aimed at internships and junior roles.

BSc (Hons) Creative Computing — Graduated

Bath Spa University, RAK Campus

- Web front-end, interface design, and Android apps.
- HTML, CSS, JavaScript, Figma, Canva, Kotlin, and XML.

Higher secondary, Computer Science — 2020 – 2022

Gulf Model School

- Computer science, including C++, with physics and mathematics.

Experience

Freelance web developer — 2024 – Present

Sandhill Tours

Tourism website focused on Dubai. The client still uses it.

Fill Le Hearts

Front-end for a bakery and restaurant known for Omani halwa. Group project. The company uses the site.

Tek Max Tools

Site for a maker of farm equipment, tools, and car parts. Still in use.

Al Tamayuz Al Dayem

Website for an automobile workshop. The workshop still uses it.

Backend, Invio — Group project

Invitation site. Built online payment, sign up, log in, and the account page for details and settings.

Technical analyst — Internship

Techbot ERP, Dubai Silicon Oasis

Odoo partner. The work was research and public articles on the company site, not Odoo development.

Event operations — 2024 – 2026

Q-Tickets

- Ticket scanner, AFG vs WI, Dubai International Stadium.
- Soft checker, AFG vs BAN, Sharjah Cricket Stadium.

Events Planet, 2024

Registration and on-site logistics at the CIO News Cybersecurity Summit.
